Allo Sébastien,

As per several of our discussions here is some of the footage from last night. As I mentioned I have a lot of random footage from Coventry too. I go almost every day and have from the beginning. I'd be more than happy to share that footage with you and/or your investigative team if needed.

Attached are a few screenshots from his FB live last night. The link is: <https://fb.watch/bcKH0tJNqQ/> [fb.watch]

I have WhatsApp you the videos as they are too big to email. Let me know if you'd like me to share in a different way.

Nathalie
